**What were the circumstances that caused you to look for a financial adviser?**

I needed a mortgage just with my name after a divorce and was at a dead end

**How did Estelle help you?**

I first got in touch with team following a recommendation by an ex colleague. I was looking for a remortgage after having a divorce but carrying marital debts was putting me out of reach of banks, etc... The moment I got in touch with the company (Estelle initially and then Mikealla) I felt they would do everything they could to help find me a mortgage and they did. The mortgage company were using a free solicitor and this caused a lot of toing and froing as they weren't very informative along the way and caused long delays, but Premier Plus kept on top of them and any questions I had were addressed straight away and, if required, Premier Plus were calling them daily. I can't fault their service at all, they are kind, understanding and a very friendly team and as far as I am concerned went above and beyond for me. I will be forever grateful. Alongside the remortgage I was offered help with life insurance and they checked my current policy and found me the best policy out there for me. Helen was a great help on this also. I totally trusted their advice and guidance.

**Have you seen the outcome you were hoping for?**

Yes, I was so happy when I was accepted for a new mortgage

**What could they have done better?**

The company the mortgage was with used free solicitors and this proved to be a hindrance when getting things processed in a timely manner. However, Estelle and her team were on to them regularly
